まえがき

全国ほ765億人のプロデューサーの皆さん、こんにちは。
または初めまして。
サークル「有機化合物」の中の人、ユーキです。

なぜか初音ミクコラボです。
初音ミキ…どんだけー!
鏡音リンネタのほうがタイムリーなのでしょうけど、
この本を製作開始した当時は発表されていなかったので
ネタを折り込むのは無理でした。

初音ミクを知らない人でも一応楽しんでもらえるような内容に
したつもりです。
別にニコニコ動画ネタとかも入ってません。

あとはそうですね…美希のPがよくわからない性格の人になってしまいました。

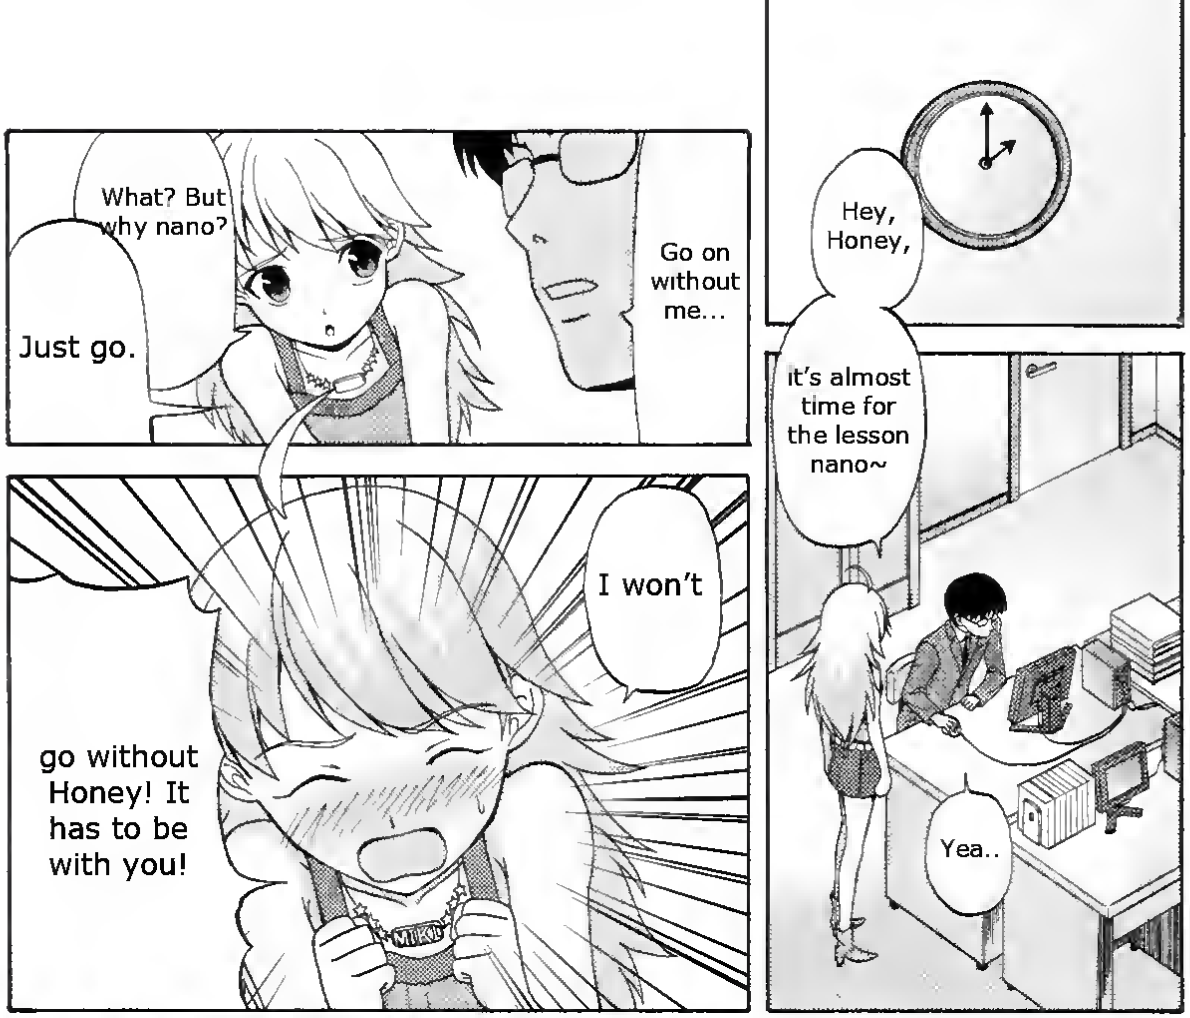
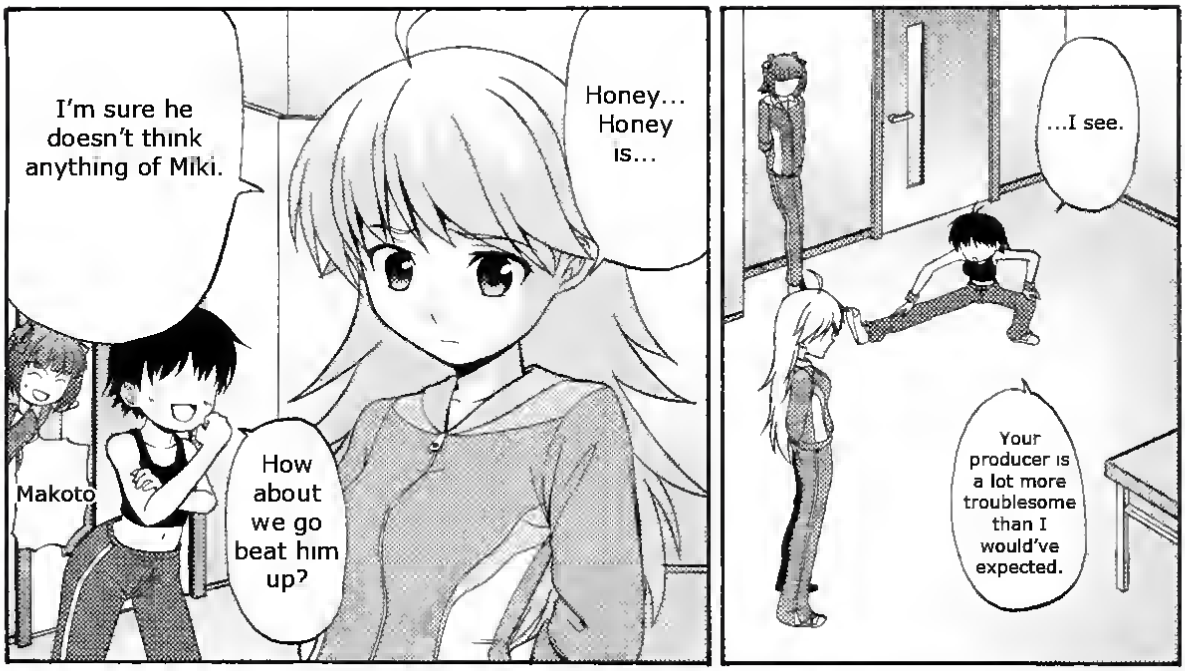
...What... is this?
Hatsune Miku
Hatsune... Miku?
Miki
Happy Birthday.
Thank you, Honey!
Here's your present.
There's no way that's true!
His face shows that it's totally true.
Ah, you can make it sing and stuff...
It's the popular vocaloid software. I thought it may be a good reference.
...
Could it be that Honey just wanted to buy this..?



Hey, Honey,
it's almost time for the lesson nano~
Yea..
What? But why nano?
Just go.
Go on without me...
I won't go without Honey! It has to be with you!
MIKU

H-Honey... You like Miku much more than Miki...
Just do your work.

Shut up!
Don't get between my and Miku-tan's time!



I'm sure he doesn't think anything of Miki.
Honey... Honey is...

How about we go beat him up?

Your producer is a lot more troublesome than I would've expected.

Ah,
I've got a good idea, Miki!

A way to
defeat Hatsune Miku?

Honey, you idiot!
And then...
How?
Eh...? Isn't this... Miki's song?
This is a song I tried making Hatsune Miku sing.
Wait, Miki! You're not understanding her voice!
Enough! Honey, you halfwit!
I don't want to!
I said, do your work...
How is her singing voice any good!?
Think about Miki's feelings too!
I have no clue what you're thinking! Making Miku sing Miki's song!
H-, Ooooh, Miki! You can't say that!!
Because, you know, I bought it...
Uh, it's just a reference at best...

Thanks to Haruka's advice, it's a big success!
Arara~

You think of me as an idiot, don't you...?
I thought you just bought that to play around with, Honey...
Wha-?

Thanks to Hatsune Miku, your new song's image has been chosen.
ぷんぷん!
Besides, your real birthday present is your new song!
I only thought of "Hatsune Miku" as your birthday present!
Okay, Miki. It's time to debut as Hatsune Miki!
Okay nano!
Honey! AmiMami's already taken over this market!
It seems they're called Kaga-mine rin.
They beat us to it!

あとがき

読んでくださってありがとうございます。

薄くてすみません！
でも作画時間はいつもの3倍かかってるんです。
ちょっと最近絵の勉強をし直している最中でして、
この本が絵の勉強効果を試す最初の本です。
正直、つらかったです！描き直しの連続！

今回の「初音ミキ」。
なんとなく題材だけなら同ネタがありそうな気がします…
せめて漫画で内容が被りませんように…

さて、鏡音リンはどうなるんですかね。
個人的最近のブームであるあさぽんこと下田麻美さんですね。
下田さんのファンになってからは亜美真美が大好きになってきました。

あぁ…もうこれでアイマスのオフセット本は10冊目なのか…
出したなァ俺も。
